

Apple Touch ID Support

Members can enable Touch ID to allow for quick access to Mobile Banking using any fingerprint registered on the mobile device.

Members can enable Touch ID from the 'More' menu. If the member does not already have fingerprints registered on the device, they will be instructed to set up at least one fingerprint on the device first.

Once members has enabled Touch ID, they will automatically be prompted for a fingerprint when the app is launched.

For any questions please contact the Credit Union at 800.877.2345.
